

AOI

LINKMASTER-SH

Specifications

Panel Type	Inners Outers Resist Flex PCB ( )
Maximum Inspection Area	28in *28 .5in Site positioning mode
Panel Thickness	0.05mm ~3.85mm Thickness when CCD can auto focus CCD 0.05mm ~3.85mm)
Zoom Magnification Range	25~110X
Minimum check line width/spacing /	1.8mil/1.8 mil
Transition Time Between Defects	Maximum: 1 second Typical: 0.5 of a second 1S/defect 0.5S/defect
Confirmation method	Real-time comparing CAM image and video image CAM
Statistical table	Yes
AOI Systems Supported AOI	Orbotech Optima Screen Machvision Camtek Image Eagle-eye Testing AOI
Check such function of table board	Yes
CCD CCD has auto focus,automatic alignment	Yes
LED	3sets Higher lights + 2sets Lower lights +1sets Ring lights +1sets UV lights UV
	1. :26 2 C 2. 80%
Physical Dimensions	L1500*W1865*H1300
Weight	350kg
Compressed air	:6~8atm,0.5" , 1CFM(28 / )
Power supply	1Ø220VAC±10% 2.2KW reliable earthing wire is required.
